60<sup>TH</sup> YEAR  
CELEBRATIONS

SUMMER 2019

NEWSLETTER

## HAPPY NEW YEAR!

Welcome to the Eloora Shorthorns Summer 2019 Newsletter. This year shapes up as bumper one for the stud with preparations well under way for our Beef Week Field Day, Naracoorte Shorthorn Bull Sale and some local shows, and plans for Dubbo National in June and then hosting a visit from the Shorthorn World Conference in September. On top of all that Eloora celebrates 60 years of breeding registered Shorthorn cattle in 2019 too.

As part of the 60th anniversary celebrations, Eloora will be participating in the Beef Week field days on Sunday 3rd February, with

bulls and females available for sale on the day, while also offering a great line-up of 6 sires at the Naracoorte Shorthorn Sale on March 28th. The 2019 sale bulls are sired by trait leaders Yamburgan Grissom G31, Futurity Juggernaut J94 and proven homebred sires Eloora Baker G31, Daytona J09 and Friday Night Lights L22. We also have 3 excellent younger bulls by Eloora Finland L78 (son of Daytona J09) whom we used as a yearling.

Looking back on 2018 we had a 100% clearance of sale bulls to 4 states, including topping the averages at the Naracoorte Shorthorn Sale for the 4th year in

a row. Eloora bulls were joined to Shorthorn, Angus, Hereford, Speckle Park, Crossbred and Euro Cross cows in 2018, showing the flexibility Eloora genetics offer their purchasers.

Totalling 150 registered breeders, the stud has continually invested in the highest quality genetics available and 2018 was no exception, with Eloora purchasing two new stud sires, Belmore Quantum M303 for \$28,000 and Futurity Nitro N4 for \$18,000 (with Marschay Shorthorns), in addition to the first drop of calves by proven calving ease AI sire JSF Goldenrod (USA). We believe these three sires will blend very well with our cow herd that is renowned for producing well-muscled, positive fat, fast growing cattle. Vindicating the quality of the herd were the results from the Royal Geelong Show carcass competition, where Eloora won the highest scoring purebred exhibit (for the second time). Every animal at Eloora is performance recorded with full birth, growth and carcass data submitted.

Visitors are always welcome via appointment, free delivery within 200km. Photos of the sale bulls are available at [www.elloora.com](http://www.elloora.com) with regular updates on our Facebook page as well.

Wishing everyone a prosperous and wet 2019.

Ray and Dion

Ray at the 1965 Hamilton Spring Show, the first time Eloora had exhibited at a show.

## ELOORA FIVE STAR L74

We had over 50 calves in 2018 by Five Star, the decision to retain him in the stud was definitely the right one, the calves are fantastic! Moderate birth weight, great width from behind, very stylish, they will feature heavily in our sale bulls in 2020. Turning 4 years old this year, Five Star has flawless feet and is structurally very sound. Five Star, along with his progeny, will be on display at the Beef Week Field Day, we highly recommend your inspection.
